Dear Mr. Gale:

A surface compliance inspection was performed at the site of the notice you have on file with our office, UTU 070644, on March 18, 2004.

The notice expired January 1, 2003 and you were notified that reclamation at the site is required. You began the reclamation in October of 2003. Good progress was made; however, reclamation ceased in November. Currently, there is an excavator on site and additional work is needed to complete the required reclamation.

Please complete the required reclamation within the next thirty (30) days or contact Jerry Mansfield and provide him with an explanation for the delay, the date when you anticipate reclamation will resume, and a schedule for its completion.

If you have any questions regarding this matter, please call Jerry Mansfield at (435) 743-3125. Thank you for your assistance in bringing your operation into compliance with the new 3809 regulations.

Sincerely,

ACTING
